Important SLS info

For SLS assignment to be recorded as complete, please ensure the following:

- you have checked "MARK ACTIVITY AS COMPLETE"

- You will need to interact and complete EVERY activity in SLS (e.g watching the videos)

- Any attempt to skip these activities will not be recorded as assignment completion

- Assignment is only considered completed when assignment status is reflected as "COMPLETE"

- Assignment deadline is set at 3.30pm. Any overdue submission either in SLS/Google Classroom will be flagged as "non-submission"

A student attempted to solve the equation $x(x+1) = 6$. His working is shown below.
$$x(x-1) = 6$$
$$x = 6 \text{ or } x - 1 = 6$$
$$x = 6 \text{ or } x = 7$$

Is he correct? Why?
